VOLUME CIII

INDEX

1963

A

Acarapis woodi—20
Acarine disease in Europe—20
Aguinaldo honey out—17
Aircraft in beekeeping—250
Alarm on honey tanks—48
Alberta notes—261
Aldrin—367
Alkali bees—329
Almonds, oil of (Benzaldehyde)—293
Am. Bkg. Fed. meetings—
1963, San Antonio, Tex.—24, 104
1964, Minneapolis, Minn.—144, 267, 305, 347, 385, 426
American foulbrood—21, 48, 220, 330, 425
Am. Honey Institute report—251
American Honey Show—144, 350, 385, 390
Ammonium nitrate to control bees—86, 263
Anecdotes, amusing—327
Antibiotics for disease control—330
Apiary damaged Halloween—413
Apiary in Minnesota—335
Apiary on waste land—11
Apicultural diploma given in N. Z.—261
Apicultural research—7, 46, 86, 126, 166, 206, 246, 286, 326
Apiculture cadets in New Zealand—261
Apis Dorsata, picture of—295
Association apiary in Wisconsin—406
Association membership build-up—308
Attendance honor for Ray Bailey—173
Australia to control export of honey—139
Australian problems—375
Australian statistics—420

B

Bacillus larvae action—21, 220
Bacteria growth stopped by honey—101
Barrett, Don P., retires—227, 427
Bee—
breeding conference—342
breeding investigations—46
enemies—129
feed—6, 48, 127, 167, 330
feed containing pollen—167
filming—446
qualities wanted—128
Rhodesian—174
tree—51, 171
venom—183, 375
Beehive, overcrowding—18
Beekeepers' meetings helpful—213
Beekeeping—
at Illinois Univ.—144
backlot—14
class in Colorado—278
in England—380
in Japan—178
in Kentucky—17, 57
in Nyasaland, Africa—261, 380
in Oregon—134
in Scotland—379
international—8
introduced to children—336
modern in Israel—377
modernizing—172
most important advancement—254
sideline—170
Bees—
above timber line—368
and disease in Britain—368
cross ones made gentle—373
darker—368
defecate while on wing—225
fed tranquilizer—213
first experience with—59
for pollination—50
handled at night—174
interchanging food—51
number of colonies in U.S.—332
on wheels—463
poisoned by a plant—179
removing from walls—12, 143, 183, 338
sealing cells—382
studies on communication—57
transferring into hive—143, 337
ventilating hives—215
with loads of pollen—335
Beeswax—
for making soap—292
for rust prevention—48
lubricant for molds—345
preparing for market—126
rendering—334
saving—288
source of—328
uses of—420
Beetles damage trees in Australia—208
Beginners, advice for—425
Behlow, Louis, commercial beekeeper—6
Beltsville Bee Culture Lab.—246
Benson apiary in B. C.—376
Benzaldehyde for removal of honey—293
Bird feed—64
Birdsfoot trefoil—290, 422
Bluebrood—345
Blue Jays leave bees alone—343
Books—
Anatomy and Dissection of the Honey Bee, by H. A. Dade—179
Annales de L'abeille, French—179
Arthritis and Folk Medicine, by D. C. Jarvis—12
A Bee is Born, by Harold Doering—131
Beekeeping (for tropical areas), by F. G. Smith—379
The Hive and the Honey Bee, by Roy A. Grout—214
Honey is my Hobby, by Charles Sauriol—52
Yearbook, by Lincolnshire (Eng.) Beekeepers Ass'n.—256
Boy Scouts give award—255
Brewers' yeast—183
Brother Adam, beekeeper in Eng.—256
Butler, Dr. C. G.—133

C

California—
diminishing industry—60
first ext. apiculturist—429
Honey Advisory Com.—307
honey report—(1962)—329
Canadian reports—256
Carbon disulfide—103, 263
Centennial, Dadant—22, 61, 100, 140, 180, 222, 262, 303, 342, 429
Check-off plan—
amount collected—105, 374
needs more publicity—452
participants 1962—28, 1963—308
Chinese beekeeping—176
Christmas beetles in Aus.—208
Clipping queen's wings—143
Cod liver oil and honey—260
Colors for beekeepers—291
Comb honey, eating—143
Comb honey production—175, 261, 301, 384
Combs—
dark ones in new supers—288
how to dry wet ones—62
melting—62
repairing damaged ones—288
Commercial beekeepers—6, 248, 344
Common Market—238
Crop and Market—? 78, 118, 158, 198, 238, 278, 318, 358, 39_ 438, 478
Crop report—1962—139, 1963—329
Crossword puzzle—424
Cuban Honey production—374
Cyprus beehives—260

D

Dadant Centennial—22, 61, 100, 140, 180, 222, 262, 303, 342
Dadant, Charles and Camille Pierre—61
Dadant & Sons' branch managers—429
Dancing bee—255
Dehydrating honey—53
Deuterium in honey—329
Debt to the bees—339
Detroit Lakes, Minn. meeting—387, 413
Diagrams
flash heating pan and tank—97
honey charts—212
Dieldrin—367
Diploma in apiculture—261
Diseases—
Acarine & AFB in India—57
Acarine fumigated with Folbex—20
American foulbrood—21, 57, 220, 330, 425
European foulbrood—330, 420
Nosema—17, 86, 101, 127, 418
Purple brood—345
control of—449
drugs used—6, 20, 48, 221, 330, 420, 425
in Arizona—132
investigations—126
Display—
Allen, R. L., Calif.—382
Cen. Ill. beekeepers—413
Colo. state fair—421
Detroit Lakes, Minn.—387, 413
Ill. state fair—133
International flower show—58
Michigan—11
N. Y. City flower show—421
N. Y. Hort. meeting—133
Okla. state fair—51
Park Forest, Ill.—421
Tennessee—255
Disturbance of colonies—286
Dividing colonies—63
Doonan, Thos. WHO-TV—252
Drone congregation areas—414

E

Eclipse effect on bee activity—416
Economics of honey production—211
Editorial—
Centennial Tri-state meeting—254
Check-Off Plan—374
Hive and the Honey Bee—214
What price honey—334
Pesticide program—294
problems of a president—452
Enemies of the bees—130
Equipment, building one's own—345
Equipment, life of—300
Ethylene dibromide—89, 103, 292
Erythromycin—330
European foulbrood—330, 420
Experimental yard of D & S—133
Extracting equipment—93
Extractor, original Peabody—51
Extractor, speed to be operated—63
Eyelets in end bars—447

F

Face cream using honey—208
Fallout protection course—66
Fallout, testing honey for—52
Farrar, Dr. C. L., retires—348
Feed honey instead of sugar—90
Feeder, Behlow type—6
Feeder, inexpensive—334
Feeding before honeyflow—103
Feeding pollen—167
Fence to keep out bears—249
Field Day in British Columbia—133
File makes good hive tool—373
Filming bee pictures—446
Florida Association—173, 215, 302
Florida's 7th annual institute—428
Foam on extracted honey—345
Folbex fumigation for Acarine—20
Food consumption in America—12
Food fair at Cologne, Germany—348
Food exhibit, U. S. at Brussels—133
Fountain of honey—18
Four-H baking contests—88
Four-H Roundups—67, 261, 413
Frames, assembling—103
Frames, using 9 in 10-fr. hive—384
Freezing fruits with honey—383
French mission visits in Canada and US—144
Frisch, Prof. Von, anniversary—181
Frisch, Prof. Von, given award—290
Fruit consumption in 1960—247
Fruit juice attracts bees—263
Fruit preserved by honey—260
Fugitive from justice—21
Fumagillin—6, 48, 127

G

Geiger counter—453
Genetic bases of behavior differences—381
Gerard, Sue, beekeeper—15
Ghere, W. J. (Ill.) with truckload honey—382
Grace, Mrs. Harriett, honored—51
Grandpa's letter to nephew—408
Grant to Colo. State Univ.—375
Grant to Ohio State Univ. 381
Greenslaugh at Ill. state fair—376
Grout, Roy, represents USA at Cologne Food Fair—348
Guilfoyles host bee meeting—344

H

Harbin, Louis, and honey queen—388
Hawaiian honey—349
Heptechlor—367
Hives—
in back yard—91
made by "slow verbal learners"—335
made of wicker in Greece—215
repairing—343
stands made of corrugated iron—18
square with crosswise combs—13
Hobby, beekeeping—170, 209
Holzberlein high altitude beekeeper—369
Honey—
Advisory Com. of Calif.—307
and cod liver oil—260
baking contests—88
best feed for bees—90
bottling—447
CCC—12
conscious—56
creamed—384
dehydrating—53
dishes—99

disposing of dark—48
displays sell honey—251
eating every day—261
energy food—293
export control in Australia—139
exports and imports—52, 253
extracting setup—98
Fla. contained no fallout—52
flavors—420
foam on extracted—345
for athletes—293
for Breakfast Week—131
for queen introduction—138
fountain—18
from blackberry blossoms—299
from rape in Iowa—218
getting a better price—19
heating and bottling—225
Hungarian—256
in face cream—208
Industry Council budget—105
in horse medicine—256
in Parade Magazine—139
jar fells bandit—91
jingle—358
leading states in production—139, 211
left on the hive—301
loans for 1961—253
marketing—410
markets, foreign—179
melting in 60-lb. cans—62
packaged for school lunches—67
packaging—225
preserves fruit—260
price stabilization program—57
Price Support—132, 139, 179, 253, 329, 375
prices—12
producers, more small ones needed—50
production—
economics in—211
in Calif.—17
in Kentucky—17
increase—50, 128, 407
promoting through 4-H—88
recipe books—296
show at Cologne—457
souring in hive—425
special packs—19
stand in Oregon—137
stops bacteria growth—101
test for purity—78
used in freezing fruit—383
used in many recipes—252
uses in China—176
Week, National—387
What price (editorial)—334
Honey Queens—
American (1962) Judy Hrushka—58, 65, 104
American (1963) Linda Andrews—145, 185, 265, 304, 386, 388, 426
Arizona, Mary Lou Benson—25
Kansas, Joycelyn Ann Code—25
Kansas (N.E.), Julona Camille Powell—185
Michigan, Peggy Hammerbacker—427
Minnesota, Leslie Floyd—347
Minn. (S.E.), Anita Berg—426
Penn., Mary Ann Beard—25
Penn., Pat Wertz—382
Tenn. (Chattanooga Area)—102
Texas, Donna Gail McDonald—27
Wis. (1962)—Muriel Smith—66
Wis. (1963), Cheryl Tadych—27
Wis. (Outagamie Co.), Jean Ann Kroner—66
Honey Bunch, Julie Hand—349
Miss Congeniality, Pat Henderson—11
Queen of Queens, Martha Soder—27
Hubam clover seed—453
Hum of the Hive—459

I

Illinois State Association officers—91
Illinois State Fair—184
Ill. U. Hort. Dept. under Jaycox—144, 186
Indian Pow-Wow in Michigan—65
Industry, apathy in—50
Industry public relations—10
Inner cover, use of—89
Insect invaders of the hive—129
Insecticides, those lethal to bees—371
Insulating with newspaper—343
International beekeeping—8
International fair in Germany—261
International get-together—144, 173
Iodine for bee stings—126
IQ—47
Israel beekeeping modernized—377

J

Japanese beekeeping—178
Jaycox, Dr. Elbert R., heads beekeeping at U. of Ill.—144, 186

K

Kelleys on world tour—453
Kentucky beekeeping—17, 57
Kern Co. (Calif.) bee-Notification Center—168
Killion's honey dishes—99
Killmoth to control waxmoth—103
Knutson photographs bee—215

L

L. A. Honey Co. load of 60-lb. cans—382
Labels, attaching to honey jars—249
Laboratories, National
Ariz., Tucson—166
La., Baton Rouge—46, 286
Md., Beltsville—7, 246
Utah, Logan—206
Wisc, Madison—86
Wyo., Laramie—126
Laboratory at Philadelphia, Pa.—53
Laughing gas—86, 373
Laying workers, getting rid of—373
Library, Nat. Agric.—326
Little, Mrs. H. C., beekeeper—18
Louisiana notes—290
Lyle, (Clay) in China—381

M

Maeterlinck 100th anniversary—256
Market demand and farm production—438
Marketing methods need changes—52
Martins (Dr. E. C.) return to Michigan—268
Mating habits of queens—414
Meacham, Frank, retires—428
Meetings—
Am. Bkg. Fed. (1963), San Antonio—24, 104. (1964), Minneapolis—144, 267, 305, 347, 385, 426, 464
American Honey Show—350, 385, 390
Apiary inspectors of Am.—26
Australian—344
Florida 7th Annual Institute—428
International Congress—267
Michigan Indian Pow-Wow—65
Pa. Short Course—63, 106, 226, 306
Southern States Fed. and Am. Bee Breeders—91, 387
Tri-State (Ill. Ia. Mo.) at Hamilton, Ill.—184, 226, 254, 265, 304
Metal covers repaired—343
Midnite hybrids build up fast—225
Midnites for requeening—425
Milk cartons used as nail boxes—207
Milkweed pod—255
Miller Honey Co. increases honey sales—453
Mimosa tree nectar producing—463
Minn. Ass'n. executive board—385
Mitchell plan for Australia—139
Mixer for bee feed—167
Models, plaster—138
Molds for beeswax—345
Mouse control—62, 89, 207, 263, 288
Moving an apiary—301
Mraz' article in Post—139
Museum of honey by Miller Honey Co.—302

N

National Ag. Library—326
Nectar producing plant—216
Nectar studies—372
Nevada bee report—179
New Zealand beekeeper wants to exchange slides—213
Nosema in Australia—17, 101
Notification Center—168
Nyasaland beekeeping—261, 380

O

Oats chopped for bees—260
Obituaries—
Boehm, Oswold J.—390
Brown, Ted—67
Cook, Frank—390
Danielson, D. Alfred—228
Dyer, Allen—390
Engle, Sr. Charles S.—307
Furber, Mildred—390
Hamilton, Robert—67
Hanson, Adolph F.—67
Haskett, Robert—67
Holterman, Glen—390
